By Lori Wilson

Pan Size: 13 x 9-inch pan • **Setting:** Requires refrigeration

INGREDIENTS

1 angel food cake

2 c. boiling water

1 **big box** vanilla pudding

1 **box** frozen sweetened strawberries

2 c. milk

1 **pkg.** Cool Whip

½ **pt.** vanilla ice cream

DIRECTIONS

1. Line the bottom of a 13 x 9 cake pan with chunks of angel food cake.
2. Mix pudding, milk, and ice cream in a large bowl. Pour evenly over the angel food cake chunks and place in the refrigerator to allow the pudding layer to set.
3. Mix Jell-O, boiling water, and frozen strawberries in a separate large bowl (the frozen strawberries will help cool down the mixture quickly).
4. Carefully pour the strawberry mixture over the set pudding layer and place back into the refrigerator to let the Jell-O layer completely set.
5. Top with a layer of Cool Whip before slicing and serving cold.
